## YOUTH DROWNS ON SATURDAY IN FULLER LAKE

Lester B. Ramsey, an 18-year-old Steelton youth, drowned Saturday afternoon while swimming at Fuller Lake at Pine Grove Furnace, in Cumberland County.

The youth drowned in 30 feet of water while swimming with his stepfather, Joseph Tease, Dr. E. A. Haeghele, Cumberland County coroner, who said the youth was described to him as a "poor swimmer," ruled the drowning an accidental death.

## Rushed To Hospital

Ramsey was rushed in the Cumberland Fire Company's ambulance to Carlisle Hospital, where he was pronounced dead.

The youth was a graduate of Swatara Township High School in the class of 1955 and was employed at the El Central Restaurant, Harrisburg. He is survived by his mother, Mrs. Joseph Tease; two brothers, William and Peter, and a sister, Joanna, all at home.

A requiem high mass for the deceased will be celebrated Wednesday morning at 9 o'clock in St. Ann's Catholic Church, Steelton, with Rev. Fr. Lino Carlanini, pastor, as the celebrant. Interment in Shoop's Cemetery. Friends may call at the funeral home, 357 S. Second St., Steelton, Tuesday evening after 7 o'clock.

## \$800 Cross Keys Crash On Saturday

Damage totalled \$900 but no one was injured Saturday evening at 5:40 o'clock when three cars collided at the Cross Keys intersection, a mile east of New Oxford.

State police said George M. Klunk, 38, McSherrytown, was headed south on the York Springs-Hanover Rd. when he collided with a car being driven west in the Lincoln Highway by Harry E. Swartzbaugh, 31, Hanover, and the two cars "bounced" into another car driven by Henry J. Mast Jr., 37, 231 E. High St., New Oxford.

Police are continuing their investigation.

## COUNTY SCHOOL DIRECTORS TO MEET THURSDAY

School directors from throughout Adams County and their families will gather Thursday morning and afternoon for the annual school directors' convention-picnic at the South Mountain Fairgrounds.

The program will open with singing at 10 o'clock in the morning led by County School Board President Luther M. Lacy, assisted by Mrs. Ethel P. Lacy at the piano. Rev. Robert K. Shaul, pastor of Trinity Lutheran Church, Arendtsville, will lead the devotionals at 10:15 o'clock.

Following remarks by H. Edgar Riegle, county superintendent of schools, L. H. Snader, chief of secondary education for the state department of public instruction will speak on "Phases of Secondary Education." Following his 20-minute talk a question period will be conducted at which the directors will present problems relating to their own schools for comment and answer by Mr. Snader.

P. O. Van Ness, executive secretary of the Pennsylvania State School Directors Association, will take part in a similar talk and question period, generally on legislation.

**Games In Afternoon**  
Following a business session and announcements, dinner will be served, with Rev. Shaul offering the prayer. J. Faber Wildasin, secretary of the county board of school directors, will serve as toastmaster. The afternoon will be devoted to games and entertainment for all present.

## Two Are Fined For Ignoring Lights

Two motorists have been fined for red blinker light violations by Justice of the Peace Robert P. Snyder. Ernest Green, Harrisburg, is charged with driving through the blinker at Lincoln Ave. and Carlisle St. early Sunday morning. He posted a bond to cover a \$5 fine and costs, which was declared forfeited when he did not appear this morning.

Vernon E. Durke, Ashburton, Ga., was fined \$5 and costs this morning for driving through the blinker at Buford Ave. and Chambersburg St. Both charges were filed by borough police.

## Europeans Pick Eisenhower As Big Factor At Big 4 Meet

By MILTON MARMOR  
LONDON (AP) — Western Europe took a Monday morning look at the Big Four summit conference today and pronounced it a success.

"It has made the risk of war more remote, has cleared some obstructions from the road to an agreement on Europe's future, and has given the West a clue to Russian intentions. These are valuable gains," said the liberal Manchester Guardian.

Reaction ranged from such statements as "The Big Four have put an end to the cold war" in Paris' Socialist Le Populaire to the cautious editorial words of the conservative London Daily Telegraph:

"So long as the West does not allow the resulting relaxation of tension to lead to a relaxing of vigilance, Geneva should promote cool, realistic and long-range thinking."

One man emerged from the conference as the dominant figure in the eyes of European observers—President Eisenhower.

## TWO RECREATION BOARD MEMBERS RENOMINATED

Two present members of the board of directors of the Gettysburg Recreation Association have been nominated for re-election at the annual association meeting to be held Thursday evening at 8 o'clock at the engine house.

Three new names are included in the report to be submitted by the nominating committee chairman, Mrs. Henrietta Blocher. Four directors are to be elected for one-year terms.

Any person who contributed to the Gettysburg Community Chest is a member of the association and will be eligible to vote.

**Report On Year's Program**  
Donald Peters and Mrs. Donald Wickerham are the present members who are being proposed for re-election. The other nominees are Kenneth Dengler, Russell Maitland and Robert Davies.

A general report on activities of the Recreation Association during the last year is being prepared by G. W. Leffewer, president of the board of directors, for presentation at the meeting Thursday.

In addition to Mrs. Wickerham and Mr. Peters, the present directors whose terms expire include Jacob Britcher and Vernon Clapper.

## COUNTY FRUIT GROWERS GOING TO STATE MEET

A number of Adams County fruit growers are planning to attend the annual Four-State Fruit Growers sessions Tuesday and Wednesday in Berks and Lehigh Counties.

Assistant County Agent Fred H. Attinger said today that more than 30 plan to attend the two-day meeting of growers from Pennsylvania, Maryland, Virginia and West Virginia.

Surviving are her husband; one brother, Luther S. Rice, Arendtsville; three nieces and five nephews.

Funeral services Tuesday at 10 a.m. at the late home in Slippery Rock. Graveside services Tuesday at 5:30 p.m. at Fairview Cemetery, Arendtsville.

Most of the group is planning to stay overnight at Reading after attending Tuesday's session at the Ontonabee orchards, near Reading. Wednesday the group will tour the Trexler orchards, near Allentown, Lehigh County.

John Linde, president of the Pennsylvania Horticultural Society, will preside at the sessions Tuesday evening at the Ontonabee orchard at which the prospects for the current apple harvest will be discussed.

A special feature for study by the growers will be the irrigation system used in connection with the 900 acres in fruit at Ontonabee Orchards. Also of interest will be a 50-acre block in dwarf apple trees, growing about eight feet tall, and said to begin bearing in about two to three years after planting. The dwarf trees have a great advantage at harvest time because of the ease of getting to the crop, growers said.

A chicken barbecue is scheduled for the evening business session at the orchard.

## Pleads Guilty To Code Violations

Robert C. Redding, 25, of W. Middle St., signed a plea of guilty to charges of failing to reveal his identity when involved in an accident and failing to render assistance. He appeared voluntarily Saturday before Justice of the Peace John H. Baezore to sign the pleas and post \$500 for the August term of sentence court.

Redding was driving west on the Bonneauville Rd. early Saturday morning when he sideswiped a car driven by Joseph A. Liller, 23, R. 3, according to police. Liller was taken to the Warner Hospital with a fractured left elbow. Charges were filed by state police.

**Rash Of Storms**  
A rash of localized thunderstorms sweeping across most of the state yesterday and last evening lowered temperatures and in many areas brought the first appreciable rain in weeks. Philadelphia recorded .92 of an inch, to raise the July total close to the one-inch mark, but farmers and homeowners agreed much more is needed to revive sunbaked crops and lawns.

High temperatures in the 80s today, with the low tonight in the 60s in most lowland communities, and down to the cool 50s in mountain areas.

"A return to warmer and more humid conditions is in prospect for central and western sections of the state on Tuesday afternoon and evening, with widely scattered showers activity," the Weather Bureau reported.

## FFA Swine Will Be Judged This Week

Swine grown by Future Farmers of America under the Sears Foundation program are to be judged this week preparatory to the annual banquet in August at which awards are given the young men for their skill in handling the gilts.

Richard C. Lighter, Adams-County supervisor of agriculture education will judge the Lancaster and York Counties entries today and Tuesday. Wednesday Thomas Malan, of York County, will judge the Franklin County gilts and Friday the Adams County entries will be judged by Malan.

## Native Of County Dies On Saturday

Mrs. Mary E. Hess, wife of Prof. Walter L. Hess, Slippery Rock, Pa., died Saturday afternoon in the Grove City Hospital following an illness of two weeks.

She was born in Arendtsville, a daughter of the late Clayton S. and Emma E. Rice. Mrs. Hess graduated from Millersville State Teachers College and Gettysburg College. She taught school for many years in Adams County.

Surviving are her husband; one brother, Luther S. Rice, Arendtsville; three nieces and five nephews.

Funeral services Tuesday at 10 a.m. at the late home in Slippery Rock. Graveside services Tuesday at 5:30 p.m. at Fairview Cemetery, Arendtsville.

## HEAT WAVE IS CRACKED BY RAIN

Almost a quarter inch of rain fell here Sunday and made it one of the "coolest" but stickiest days of the month. The temperature did not rise above 84 degrees but high humidity continued. The total rainfall for the weekend at the Gettysburg Times weather station was .22 inches.

Sunday's rain brought brief relief from a nine-day stretch of "above 90" weather that reached its peak Friday at 98 degrees and climbed to 97 on Saturday.

Saturday night was one of the hottest of the summer but Sunday night saw the temperature drop here to a cool 66 degrees. It was the coolest night since July 21.

By THE ASSOCIATED PRESS  
The heat wave and drought were cracked, if not broken, in Pennsylvania today and to millions of residents temperatures in the 70s and 80s were pleasant and comfortable in contrast to last week's 90s and 100.

But the Weather Bureau had an unhappy word: Warmer weather headed this way again, due to strike the western areas of the Keystone State late Tuesday, and carry on east by Wednesday.

Existing information didn't point far enough into the future to determine whether another extended heat wave is on the way, the bureau said.

Largely attended funeral services were held Sunday afternoon at 2 o'clock for Ralph E. Knouse, 73, retired Brysonia grocer and weighmaster for the Knouse Foods Co. cooperative at Peach Glen. The services were conducted at the Dugan Funeral Home in Bendersville by the Rev. Robert K. Schaul, pastor of the Arendtsville Lutheran Church. Interment was made at Greenmount Cemetery at Arendtsville.

Mr. Knouse died last Thursday evening at his Arendtsville home after a brief illness.

The pallbearers were Glenn Hoke, Dale Hartzell, Clyde Allison, Richard Trostle, Edward Staub and Herbert Orner.

## JOHN D. TEETER BREAKS ANKLE

John D. Teeter, R. 2, broke his leg Sunday afternoon when the horse he was riding shied sharply and he fell off. Mr. Teeter was riding along the Gettysburg Country Club golf course with Dr. Bruce N. Wolff at about 3:30 o'clock when, according to Dr. Wolff, something apparently scared the horse and he reared.

Dr. Wolff examined Mr. Teeter, and ascertained that his left leg was broken just above the ankle. He was taken to Warner Hospital, where a cast was placed on it. Then he was taken to his home.

Mrs. Lillie Haner, 69, Abbotstown R. 1, was treated at the hospital Sunday for a fractured left shoulder received in a fall down a stairway.

Ronald Newman, seven-year-old son of Mr. and Mrs. Fred B. Newman, R. 1, received treatment at the hospital for a laceration of the left knee. He was injured in a fall Sunday.

Norman R. Gruenberg, 26, New Village, N. J., was also treated Sunday for a laceration of the right middle finger received when a car door slammed on his hand.

## Ask Fuel Oil Bids For County Buildings

The Adams County Commissioners will open bids for fuel oil for the court house and county home August 24, according to invitations for bidders prepared today.

No. 2 fuel oil is being sought for the Court House with delivery in trailer lots of 4,500 gallons or less, with deliveries to start about October 1 and to continue as needed throughout the period ending September 30, 1956.

No. 4 fuel oil is sought for the county home in approximately 4,500 gallon lots, also starting October 1 and ending September 24, as needed.

## NEW ALUMINUM SPOTTER HOUSE TO BE ERECTED

The newest thing in Ground Observer Corps housing, an aluminum spotter post, will be erected this week at Littlestown.

More than 100 Littlestown residents, who have volunteered for duty with the Littlestown post, will begin their duties this week.

W. H. "Dutch" Armor, head of the Ground Observer Corps in the county, said the structure is the first produced by the Reynolds Co., according to Air Force specifications, at cost, for use by the spotters throughout the nation. The cost of the building, he said, is less than that of a wooden structure.

The new building will be placed on top of the Littlestown High School.

A dedicatory service will be held after the building is erected. Reynolds Co., Air Force and GOC officials are expected to attend, Armor said.

## 2 WILL ADMIT FALSE CLAIMS

John Gruver and John W. Shaberly, both of East Berlin, signified their intention to plead guilty in court to making false unemployment claims at a hearing Saturday before Justice of the Peace George A. Lippy, of Hanover. They were released under \$500 bail each.

The charges were filed by Mrs. Gertrude Erb, manager of the Hanover Pennsylvania State Employment Service office.

She accused Gruver, who is said to be a partner in the Home Service and Supply Company, East Berlin, with not keeping records of compensation paid to Shaberly, an employee, and with failing to make required deductions for social security and unemployment compensation and with not reporting such deductions.

Shaberly was charged with receiving 15 checks for \$30 each, totaling \$450, as unemployment compensation, falsely claiming he had no employment when he filed his claim. Both men were arrested by Constable Charles E. Dell.

## Fairfield Women To Hear Miss Livermore

The Ladies' Missionary Society of the Fairfield Lutheran Church will hear a talk by Miss Bettie Livermore, executive secretary of the Adams County Rural Child Welfare services, in the parish house at a regular meeting of the society Tuesday evening at 8 o'clock.

## COUNTY TO HAVE TWO JUDGING TEAMS AT STATE

Adams County will have two teams and two individuals entered in judging and demonstration events at the annual 4-H Club Week activities to be held at Pennsylvania State University August 8 through 11.

Elizabeth Dorr, Gettysburg R. 1; Glenn Zepp, Gettysburg R. 4, and Jay Snyder, Gardners R. 1, have been entered as the dairy judging team from the county. The three have been carrying on special studies during the past several months in preparation for participation in the event.

Similarly, the livestock judging team members have been studying for their part in the competition, attending judging events held elsewhere, as well as practicing here in the county. The team includes Barry and Evelyn Breighner, Littlestown R. 1, and Roger Crouse, Gettysburg R. 1.

Patrick Murren, Hanover R. 4, will be the county's individual entry in livestock judging. Allen Witherow, Gettysburg R. 4, will take part in the tractor demonstration contest. Last year James Behney, York Springs, Adams County's entry in the tractor demonstration events, won the state title. The cup he won at that time will be returned to State University for the forthcoming contest.

The 4-H members from the county will be accompanied to Penn State by Assistant County Agent John Naugle and the county home economics extension present representative, Miss Florence Finger.

In addition to the team members, other county 4-H members planning to attend the 4-H Club Week include Shirley Eggleston, Peggy Ann Jordan, Irene Crouse, Ruth Ann Nace, Shirley Sterner and Yolanda Golden.

Herbst-Brown

Miss Mary Irene Brown, daughter of Mr. and Mrs. Jesse D. Brown, and James Edmund Herbst, son of Mr. and Mrs. David Herbst, all of York, were married Saturday at 2 p.m. in Grace Methodist Church, York.

Rev. Harold Millard, pastor, performed the double ring ceremony. Mrs. Glenn Conaway, York R. 1, was matron of honor. Bridesmaids were Joan Taylor and Susan Broad, of Bethlehem. Jessica Ann Sowers, niece of the bride was flower girl.

Edward Brownley, Havertown, was best man. Wayne Deardorff and James Tarmen, of Gettysburg, were ushers.

A reception for 85 guests was held in the church social room following the ceremony.

The couple will return next Sunday from a wedding trip to High Point Inn in the Poconos, and will reside at 133 S. Belvidere Av., York.

The bride, a 1950 graduate of William Penn Senior High School and a 1954 graduate of West Chester State Teachers College, teaches at William Penn.

The bridegroom was graduated from William Penn in 1949 and Gettysburg College in 1953.

## Stock Prices Up; Only Few Losers

NEW YORK (AP)—The stock market advanced today in early dealings with only a sprinkling of losers in the list.

Bethlehem Steel opened on a block of 4,000 shares up 3 1/2 at 158 1/2. Directors meet next week, and Bethlehem long has been on the roster of split candidates.

Most gains in the market went to around a point at the outside, and losses were fractional. U.S. Pipe and Foundry was an exception on the losing side. The stock gained 8 1/2 Friday on a split proposal and today it opened on a block of 1,000 shares off 2 at 107.

Among the better acting divisions were steels, motors, mail order issues, radio - televisions, railroads, oils, and airlines. Other areas of the market displayed a mixed tone. No major division was definitely lower.

SCRANTON, Pa. (AP)—Mrs. Margaret Cramer, widow of a pioneer movie theater chain operator, died last night at her home following a long illness.

Her husband headed the Cramer chain which operated a large group of theaters scattered across northern and eastern Pennsylvania.

ERIE, Pa. (AP)—Juvenile delinquency and traffic accidents today headed the list of problems slated for discussion at the 42nd annual convention of the Pennsylvania Chiefs of Police Association.

Some 500 delegates are attending the meeting. It runs through Wednesday.

DOVER, Del. (AP)—Bryant W. Bowles, president of the National Association for the Advancement of White People, was scheduled to appear in Superior Court here today to appeal his conviction on two charges of violating state school laws.

The opponent of desegregating public schools had announced a week ago he would resign as head of NAAWP but proclaimed a change of mind Saturday night.

FREDERICKSBURG, Va. (AP)—A young Marine was killed and eight other persons injured last night in a two-car smashup on U. S. 1 eight miles south of Fredericksburg in a heavy rainstorm.

Pvt. John J. Ruddy, 18, of Shenandoah, Pa., driving a southbound Cadillac with four other Marines as passengers died behind the wheel of the car of internal injuries.

## BRITAIN MAKES INSTALLMENT BUYING TOUGH

By MILTON MARMOR

LONDON (AP)—British today made it tougher to buy on the installment plan. The government boosted the required down payment to a third of the total purchase price.

In a move to combat inflation threatening Britain's prosperity boom, Chancellor of the Exchequer Richard A. Butler told the House of Commons the minimum down payment on such items as automobiles, radios and TV sets would be raised from 15 to 33 1/3 per cent. Maximum repayment periods remain unchanged.

He also slashed expenditures on capital projects in nationalized industries. The new rules go into effect tomorrow.

Stocks tumbled on the London Stock Exchange. Losses were heavy as stocks were dumped in anticipation of Butler's announcement. Some brokers called it "Black Monday."

The chancellor said Britain was absorbing too much of her production at home and "we cannot be satisfied with the way in which our balance of payments and our reserves are moving."

The home front must be strengthened, he said, before Britain made any further forward move on the exchange front, which was suffering from sales of sterling.

Butler said he was asking the governor of the Bank of England to "represent to the banks how important it is that they should achieve a positive and significant reduction in the total of bank advances outstanding."

There have been reports that an increase in the bank rate — now 4 1/2 per cent — was in the offing. The bank rate is the charge for borrowing money.

## Incinerator Fire Destroys Building

Sparks from a rubbish fire escaped from an incinerator Saturday afternoon and landed on the shingle roofs of a nearby chicken house and garage at the home of Alvin Bream, Water St., Brushtown. The chicken house burned down, and one side of the garage roof was destroyed.

Someone in the Bream family was burning the rubbish at the time, according to Brushtown Fire Chief Claude J. Murren. Brushtown's lone engine was called out and McSherrytown and Littlestown firemen were called to assist. The blaze was first reported at 2:15 o'clock by a neighbor.

In addition to using their booster tanks, firemen pumped water from a pond 900 to 1,000 yards away. The chicken house was being used to store some lumber at the time of the fire, Mr. Murren said, and that was destroyed. No cars were in the garage at the time. No estimate of damage has been made.

## Will Move Brick House To New Site

Walter Crouse, Littlestown, was the successful bidder on the brick house formerly owned by Joseph Hildebrand and located on the south side of U. S. 40 east of Frederick, Md., the district office of the State Roads Commission at Frederick has been informed.

The bids were opened some time ago in Baltimore by the commission. There was no report received as to the amount paid for the property.

Crouse is a house mover and his office at Littlestown said today the house will be moved without being torn down.

The Roads Commission specified that the building must be removed down to the ground by midnight August 30. It is along the right-of-way on an approach to a bridge which will be built in connection with the Frederick by-pass. The commission paid about \$25,000 for the property.

## Band Rehearsals For Week Listed

There will be rehearsals for the three public school bands this week but Director Robert Zeigler announced that no rehearsals will be held during the first two weeks of August.

The elementary school band will practice this evening at 7:30 o'clock and the Junior Band on Tuesday evening at the same hour.

On Wednesday at 7:30 o'clock the Senior High School band will rehearse for their concert appearance next Saturday at the Harney Lutheran Church picnic.

The regular schedule of rehearsals will be resumed August 15. On Saturday, August 20, the Senior Band will play for the Harney VFW carnival and after that engagement the band will begin "important rehearsals" for the coming football season.

## SOVIET GROUP RESUMES TOUR OF IOWA TODAY

AMES, Iowa (AP)—Visiting Soviet farm chiefs resume their tour of Iowa today after scoring more successes in and around this college town in their campaign to win friends and influence people.

Today the Russians visit the 120-acre farm of Dean Moser at Eagle Grove.

Yesterday the Russians began their day by attending services at Presbyterian churches.

They ended it by going for an evening walk around Ames and stopping at a late-service restaurant complete with juke box.

In between, one member of the delegation gave that horrible American game of murder and mayhem, as a Russian periodical once described it, — "beizbol" — a tryout.

But the big feature of the day and an important social event in Ames was the caviar reception which the Soviet delegation gave at the local hotel in honor of Iowa State College personnel. The Russians proved to be good hosts.

Vodka was served but so was sauerne, Scotch, bourbon and soft drinks. It was not a drinking party, and most of the Soviet delegates had only one or two drinks.

There was food in abundance on a long table loaded with delicacies.

## GENEVA TALKS WILL COST U.S. ONLY \$285,000

In a copyrighted article from Geneva appearing in Sunday's edition of the New York Herald Tribune, Frank Kelley states that the expense of sending the President of the United States and his delegation to the Big Four conference at Geneva will be about \$285,000. He lists some of the expenses as follows:

GENEVA, July 23 — The American taxpayer is likely to wind up with a bill of \$285,000, or slightly more or slightly less, to cover the cost of sending a 300-man delegation to the Big Four "summit" conference at Geneva.

Round-trip airplane transportation has been the largest item in the bill. For each person not traveling by military plane to and from Geneva, the American government has had to lay out \$900 to \$1,000. Messages to Washington were filed through commercial facilities — in code, of course — from President Eisenhower's villa, Secretary of State John Foster Dulles' villa, the conference site at the Palace of Nations and the American delegation's headquarters in the Hotel du Rhone. Messages were received at all those places from Washington.

Low Entertainment Cost Entertainment is likely to cost less than \$2,000 for the six days of the conference. This is less than half of what had been anticipated, and it includes all the dinners, luncheons and other affairs at which President Eisenhower and Secretary Dulles presided. By the standards of most international conferences, it is a modest sum.

Each member of the American delegation has had a standard living allowance of \$12 a day. This was supposed to take care of room charges at the Hotel du Rhone, three meals a day, laundry and incidentals.

The villas in which the President and the Secretary of State lived were offered to them without charge by the owners because of friendship for the United States.

Offices Rented The rental of three entire floors for offices and bedrooms at the Hotel du Rhone is a separate item. The bedrooms, the cost of which was paid by the members of the American delegation from their \$12 a day allowance, have run to \$5 or \$6 a day for each room. The office space was hired separately by the State Department at a somewhat lower cost.

The housekeeping for the delegation has been somewhat of a problem, but Harold G. Kissick of the State Department has survived without having to take too much aspin. He has had under his orders a Marine security guard which worked twenty-four hours a day in shifts. There has been also a Secret Service detail to guard the President, and anonymous agents of the Federal Bureau of Investigation.

The costs cover a pool of twenty automobiles hired locally along with Swiss chauffeurs. There has been also a stenographic pool of ten American girls who began work at 7:30 in the morning and were through at about 2 the next morning.

The special telephone directory which was prepared gives an idea of the complexity of the housekeeping job. It lists an administrative section, a communications office, a consular section, a courier service, a disbursing (paymaster's) office and a document office.

Many Service Offices Also listed are a general services office, a housing office, a motor pool, a Presidential military aide, a Presidential villa, Presidential press secretary (with staff), protocol officer, Secretary of the villa, a security officer, a staff secretariat, a stenographic pool, a consular switchboard, an American representative for international organizations at Geneva and an American resident delegation and consulate general.

Also, at the Palace of Nations is listed an American deputy secretary general, a documents officer, an executive officer and a language service officer.

A Signal Corps detail also had to be looked after. It filed messages for the President, either to Paris or to Heidelberg, Germany, to be placed on wires to Washington leased by the American government.

SHIP FIRED UPON HONG KONG (AP)—The captain of the 1,896-ton British cargo ship Inchewells charged last night that Nationalist Chinese Thunderjets riddled his ship's deck and bridgehouse with bullets July 9 while it was in a Chinese Communist port opposite Formosa. There were no casualties. The Inchewells returned to Hong Kong last night.

## Ribbon Cutting Opens Station

A ribbon cutting ceremony was held in conjunction with the opening of Bob's Sunoco Service Station, corner of N. Queen and Carroll Sts., Littlestown, on Saturday at 10 a.m. The ribbon was cut by Burgess Roscoe W. Rittase. Assisting with the brief ceremony were the following, as pictured above left to right: Miss Barbara Motter of town; Richard Collins, employee at the station; Robert J. Riley, proprietor; Burgess Rittase; Marvin F. Breighner, president of the Littlestown Chamber of Commerce; and Miss JoAnne Selby, of town. A. Hilton Jr., representative of the Sun Oil company, was present for the event.

Several thousand persons visited the new modern station during the three-day opening, Thursday through Saturday. The grand prize for the opening, 100 gallons of gasoline, given on Saturday night, was shared by N. E. Mellott, 114 E. King St., and Miss Irene Koonitz, 178 W. King St. Red roses were given to all the lady visitors and the children received free hats, lollipops and balloons.

## Adenauer Hails Geneva Sessions

MUERREN, Switzerland (AP)—West German Chancellor Konrad Adenauer said today the Geneva conference was "a successful start toward the easing of world tension."

Adenauer, vacationing here, told reporters he hoped other such conferences would be held to pave the way for international peace. He said President Eisenhower's proposal for armament control "is of decisive importance."

"If the Soviets are genuine in their aim to disarm, they must take a stand on Eisenhower's proposal," he said.

"All four powers at Geneva stressed the importance of German reunification to the stabilization in Europe," he continued, adding that this stabilization would help ease tension throughout the world.

## Littlestown CHRIST CHURCH PICNIC AUG. 6TH

The annual Christ Reformed Church picnic will be held on Saturday, August 6, in the church grove. A supper will be served to the public and other refreshments will be available. Band music will be provided. Anyone wishing to make donations for the picnic should contact Harry C. Wildasin or Mrs. Ralph J. Unger.

The picnic bazaar committee has announced the need for needlework, aprons, children's clothing and any similar articles. Also jellies and home canned products. All proceeds from the bazaar table will go into the building fund. The committee members are Mrs. Edwin A. Rebert, Mrs. Emma K. Garrett and Mrs. Delphia J. Sterner.

The picnic menu bulletin is being composed and the proceeds from the bulletin will also go to the building fund. Those who wish their name to appear on the bulletin should contact one of the following not later than Thursday evening: John N. Sell, Ralph J. Unger, Harold E. Shoemaker and Gerald W. Sterner. Earl A. Rebert, LeRoy W. Arentz, Gerald W. Sterner and Elmer L. Dutter served as ushers for the Sunday morning worship service in Christ Church. The choir sang the anthem "I Would Be True," Bruce Carleton. The pastor, the Rev. G. Howard Koons delivered the sermon. The bulletins were presented by Mr. and Mrs. Homer F. Brown in honor of their 10th wedding anniversary.

The Rev. Mr. Koons announced that Mr. and Mrs. David M. Weik were recently received into the Christ Church membership by letter of transfer from St. Luke Evangelical Lutheran Church of near New Windsor, Md.

There will be no worship services in Christ Church on Sunday, August 7, and Sunday, August 21.

Frying onion rings to go with that charcoal-broiled steak? Peel large Spanish onions and slice them about a quarter inch thick. Separate the rings and dip them into milk, then into flour seasoned with salt before frying until golden brown. The rings will need to be fried from five to seven minutes at 365 degrees.

## ASK PORTUGAL TO CLOSE NEW DELHI LEGATION

NEW DELHI, (AP)—Prime Minister Nehru asked Portugal today to close its legation in New Delhi by Aug. 8 because of the European country's "persistent refusal" to negotiate India's claim to Portuguese India.

Closing of the legation would mean virtual suspension of diplomatic relations between the two countries.

India closed her legation in Lisbon in July 1953 because, Nehru told Parliament today, his government felt "there was no advantage in keeping it open."

In a related move today the government owed India Railways suspended freight and passenger services to the Portuguese colony of Goa on the Indian coast.

A spokesman at the Portuguese legation said he presumed Lisbon would order the legation closed before the Aug. 8 deadline. The head of the mission, Minister Vasco V. Garin, is now home on leave.

### Seek Settlement

Nehru said his government "will continue to seek a peaceful settlement and will welcome negotiations with the Portuguese government . . . The Indian government is firmly convinced only peaceful methods should be followed and does not approve any action which would encourage resort to violence."

As he spoke, shouting demonstrators from various political groups ringed the Parliament building, demanding Indian "police action" to oust the Portuguese.

The Lisbon government has persistently refused to negotiate with the Indians over the west coast settlements, which total 1,537 square miles in area and have a population of some 700,000. Acquired by Portugal in the 16th century, they are the last foreign holding in India.

An Indian government spokesman said any relations necessary between Portugal and India would be handled through the consulates remaining open in Bombay and Goa rather than having a third country act as go-between.

## COUNTY FRUIT

(Continued from Page 1) chards, with about 1,400 acres in fruit, irrigation studies will also be featured, with the orchard reporting "sensational results" from irrigation in peaches last year.

To See Cold Storage Plant Growers said they were particularly eager to see how the irrigation worked out this year, in the light of prices of up to \$6 per bushel for early peaches offered by southern truckers who are visiting Adams County now. The entire peach crop froze out in the south last winter and Michigan also had a partial freeze-out and as the result the prices for peaches is expected to be high.

Also of interest at the Trexler orchards is a new 100,000-bushel cold storage plant in which the most modern equipment has been installed.

Plans for the four-state meeting were arranged by John U. Rief, secretary of the Pennsylvania organization.

## COUPLE WEDS SATURDAY IN COUNTY CHURCH

Miss Joan Elizabeth Sneeringer, daughter of Mr. and Mrs. John Sneeringer, New Oxford R. 1, became the bride of Francis Cyril Hagerman, son of Mrs. Pauline Rider and the late Curtis Hagerman, New Oxford R. 1, Saturday morning at 8 o'clock in the Sacred Heart Church, Conewago. The Rev. Fr. John P. Bolen, pastor, officiated at the double-ring ceremony.

Wedding music was furnished by Miss Mary Smith and Mrs. Morris Steinhorn. The altar was decorated with yellow and pink gladioli.

Given in marriage by her father the bride wore a floor-length gown fashioned with a fitted lace bodice, long sleeves tapering over the wrists and a full tulle skirt over satin. She wore a fingertip veil and carried a bouquet of white phallopsis and red roses.

### Reception Is Held

Miss Carole Ann Sneeringer, New Oxford R. 1, was the maid of honor. She wore a pink strapless gown of net with a matching lace bolero. She carried a colonial bouquet of mixed summer flowers and wore a pink picture hat.

The ushers were Dale Sneeringer, New Oxford R. 1, brother of the bride, and William Hagerman, Hanover, cousin of the bridegroom. Donald Hagerman, Abbottstown, was the usher. A reception was held in the Irishtown fire hall Saturday evening for 150 guests. After a honeymoon the couple will make their home at 4 Lumber St., Littlestown.

The bride, a graduate of the DeLone Catholic High School, McSherrystown, is employed by the Auto-Craft Box Corporation.

Her husband is employed by Vernon C. Reaver, heating and plumbing, Littlestown.

## Emmitsburg

EMMITTSBURG — The annual men's outing, sponsored by the Men's Bible Class of Elias Evangelical Lutheran Church, will be held Thursday afternoon and evening, August 25, at the Norman Shriver farm along Middle Creek. The program will feature a softball game between the oldsters and the youngsters. Supper will be served beginning at 5 o'clock.

The Emmitsburg Lions Club will hold its annual picnic tonight at the cottage of Norman Shriver, near Four Points. Activities will start at 6:15 p.m.

The committee in charge consists of George Wildhe, chairman, John J. Hollinger, Arthur Elder, Clarence E. Hahn, and J. Ralph McDonnell.

At the request of several local merchants the Chamber of Commerce will conduct a survey of business establishments interested in closing their places of business on Monday and Wednesday nights.

The action was taken after a group of businessmen asked the Chamber to make a survey in an effort to ascertain how much co-operation could be expected from competing business houses. Many merchants have been keeping open four nights a week for years, and many believe Friday and Saturday nights would suffice. Five business concerns have subscribed to the plan. Others will be interviewed by a representative of the Chamber later.

Boy Scout Troop 284 announced that it had contracted for an appearance here of the Hagen Brothers circus on September 9. Scout officials said the advance sale of tickets will begin on August 1.

The circus will perform in Stansbury's field and all profits from the sale of tickets will go to the Scout treasury. Tickets may be obtained from the Scoutmaster, Franklin Wastler; and his assistants, Edward Houck and George Danner or any of the Boy Scouts. There will be a matinee after school and one evening performance.

At a directors meeting of the Indian Lookout Conservation Club held recently, it was decided to stock legal size bass in Rainbow Lake next fall, after the bass season has closed. The next meeting of the group will be held at Shank's Mill when the Club will be the guest of the Indian Bowman's Club, Tuesday at 6:30 p.m.

The annual picnic-supper of St. Joseph's Catholic Church will be held Saturday Aug. 6 on the lawn of St. Vincent's Rectory.

Instead of the usual supper, a plate lunch will be substituted due to the kitchen facilities of St. Joseph's High School being unavailable because the school is being painted. Servings will start at 5 p.m. and the usual games and amusements will be available.

## Miss Pennsylvania Coming Friday

"Miss Pennsylvania," Pam Ulrich of Sinking Springs, will attend the fifth annual music festival to be held on Friday evening at 8:30 o'clock in Littlestown Memorial Field. The beauty, representing the Keystone state, will serve as mistress of ceremonies. Miss Ulrich won her title in the recent state competition at West Chester and will be Pennsylvania's entry in the "Miss America" contest to be held in September in Atlantic City.

The musical is sponsored annually by the Littlestown Junior Chamber of Commerce. In case of rain, the affair will be held on Saturday at 8:30 p.m.

## News Briefs

WASHINGTON (AP)—The Army told Rep. Norblad (R-Ore.) today the reason it doesn't sell American butter exclusively in its overseas commissaries is that some patrons prefer foreign brands.

Norblad recently complained about the sale of Danish butter at the Army's commissary on Okinawa. He suggested sale of American butter would aid in eliminating the huge surplus now in government warehouses.

HARRISBURG (AP)—Dr. James F. Bogardus, Springfield, Delaware County, began his duties today as a deputy secretary of property and supplies at \$12,000 annually.

Bogardus, former secretary of forest and waters in the Earl administration 20 years ago, will supervise the multimillion dollar purchasing operations of the department.

HARRISBURG (AP)—A New York University economist told the Public Utility Commission today that an "exhaustive study" of the financial structure of the Pennsylvania Power and Light Co., Allentown, showed the company is receiving only a fair rate of return on its investment.

Dr. Herbert B. Dorau said the study "refuted" the claims of 23 industrial plants that P. P. & L. charges an industrial rate that produces an excessive rate of return.

KANE, Pa. (AP)—Dan Vogan, 21, of Wapanucke, Okla., was killed today as his auto struck the rear of a logging truck.

## ONE HUNDRED YEARS AGO

The "Old Academy," at present the residence of Mr. Henry Saltzger, was struck by lightning during the storm of Tuesday evening last. The electric fluid passed down the protecting rod, but at the spouting deserted it, probably from some defect therein, and passed down to the earth, without doing any damage.

On the 22d inst., by the Rev. Wm. Earnshaw, Mr. Joseph O. Thompson, to Mrs. Rebecca Sheely — both of Littlestown.

On the 24th inst., at Conewago Chapel, by Rev. Mr. DeNecker, Mr. Nicholas Codori Jr., of this place, to Miss Susan Stormbaugh, of East Berlin.

The yellow fever has broken out at Portsmouth, Va. It was brought to the Navy Yard there by a steamer from the West Indies. Eighteen cases and eight deaths had occurred up to Wednesday. So far the disease is confined to the vicinity of the Navy yard.

Yellow Fever: A man named Dugan died of this disease at Pittsburgh on Friday. The body was forcibly seized and burned by the police, which came near leading to a row, the relatives making strong objections to the proceedings. The disease was introduced by boats from New Orleans.

The Rev. J. Ulrich, who has been for the last thirteen years Lutheran Pastor at Petersburg (Y.S.), has accepted a call from the church at Shippensburg. He will change his residence this fall. Mr. Ulrich has been serving five churches, and preaching three sermons per Sabbath, and frequently during the week most of the time. He added 800 members to the church and buried 500 persons during his residence there. He finally found his health giving way under the severe and accumulating labors of that station and for this cause chiefly, deemed it necessary to make a change.

## Today's Talk

## NATURE HAS EVERYTHING

You cannot remove man from nature. Every part of her is a part of him. His very substance is of the earth. Worship nature and you worship God, Who created all. And what a realm this nature is, anyway! It still holds buried far more than has ever been revealed.

Nature is so abundant. To her we go for all that we have and are. How full of speculation we are as we contemplate upon all the mysteries and wonders that are all about us, especially when far removed from the rush and turmoil of cities, and the noise of machines.

God is in the moonlight, and even in the stir of every wave and ripple that moves upon the surface of every body of water. What a sight it is to see the full moon creep from its somewhere and silently steal over a body of water as though it were treading upon velvet, so unhurried and voiceless it is! In my thoughts last night I walked over that path of gold, edged with silver, and rushed to greet that visitor, as though commissioned from Heaven itself!

Nature is forever challenging man. As when she warns him that there are combinations in the earth that must not be disturbed, for their use is meant for life, not death, or wanton destruction. Wealth will forever rest in the good earth. But if man will exercise his intelligence, he may partake of all that his genius can discover and put to usefulness.

And then there is the beauty with the wealth that is buried in the earth — chemicals, precious stones, metals, oils, gold, silver, iron ore, and endless combinations meshed to invite the researcher, scientist, and inventor. Long before man was placed upon this earth, provisions were made to stimulate his interests and speculations.

No one can study bird and animal life and the endless creations in nature without being convinced that a Superior Intelligence had a hand in it all. A blade of grass. A snowflake. An oak or maple leaf. A flower in the desert. How can anyone ever cease to wonder?

Tomorrow Mr. Adams will talk on the subject: "The Glory of Silence"

Protected, 1955, George Matthew Adams Service

## HOME TOWN

The home town is best, as by travel we learn.

It is fun to depart but more fun to return.

There are splendors to see in old London or Rome.

But they don't have the charm of the splendors at home.

We wander as strangers in cities afar.

Where the churches imposing and wonderful are.

But the one we like best is the one we have known

And thought of and worked for and loved as our own.

There is kindness abroad, and wherever we go

There are people to meet we'll be happy to know.

But the heart's in the home, and contentment depends

On the city or town where the people are friends.

## WANT SEAT IN U. N.

TOKYO, (AP)—Red China plans to step up immediately its drive to get into the United Nations, a Kyodo news agency dispatch from Peiping reported today.

Masaki Nagamine, Peiping correspondent for Kyodo, cabled that the Peiping regime "plans to cash in on the trend of international cooperation that developed at the Big Four summit talks at Geneva."

## FUTURE WILL PROVE VALUE OF BIG 4 TALKS

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—The world would like to think, because this may have been the last big chance for peace, that the Geneva conference was a success and that good will come of it. And maybe it will.

But the realistic fact is that the Big Four meeting so far has proved nothing except that men who have been in conflict a long time can be polite when they get together, if they have a mind to.

The test of the worth of the conference is in the future when the big powers have time to do something—by agreements and concessions—about what they only talked of in Switzerland.

There were no tangible deeds at Geneva. Nothing was settled. Nothing was solved. This was neither a disappointment nor a surprise. The Big Four indicated beforehand they expected no final solutions in Switzerland.

## Looked For Path

Their proclaimed purpose in meeting was to look for a path to peace through the relationship established at Geneva. Any settlements, flowing from that relationship, would have to be made later.

All last week the words which poured out of Geneva reflected almost astonishment that President Eisenhower and the Prime Ministers, Eden of Britain, Faure of France and Bulganin of Russia, got along as well as they did.

It would have been more astonishing if they didn't. Even if their purpose in going to Geneva had been bad instead of good, all four men would have had to wear their best Sunday manners anyway.

Anyone who acted ugly would have appeared to the world as an enemy of mankind. And in the end world opinion, and even opinion in their own countries, may tip the scales between the West and Russia.

Eisenhower publicly acknowledged that the test of the conference was not in Geneva but in the future.

## Back To Foreign Ministers

So the Big Four, who didn't expect to solve their problems in Geneva, and didn't, dumped them back into the laps of their foreign ministers, who have been wrangling over the same problems for years.

They may go on wrangling for years over the big ones, like the unification of Germany and a security pact for Europe, unless, as a result of Geneva, the big powers have decided to reach agreement.

That almost certainly would require concessions on both sides. More likely any good results from Geneva will be far less sensational, and quicker, taking the form of agreements on smaller problems. In time, perhaps a long time, smaller agreements might lead to big ones.

## TRANSIT STRIKE IN L.A. IS ENDED

LOS ANGELES, (AP)—The clang of trolleys and the roar of buses echoed through this city's streets today for the first time in 34 days as the longest transit strike in local history ended.

Operators voted 1,152-493 at a mass meeting yesterday to terminate Los Angeles' costliest transportation tieup.

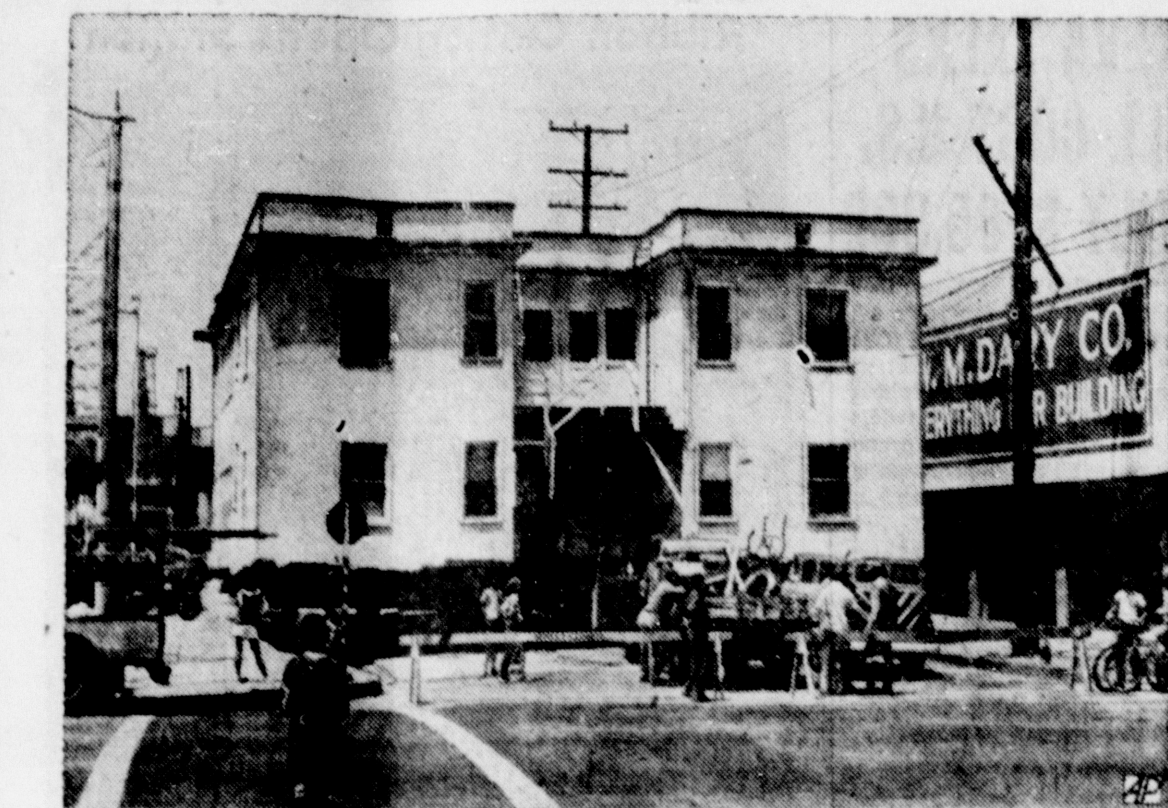

The strike, which forced 900,000 daily riders to find other transportation, cost bus and trolley operators an estimated \$710,000 in lost pay, and the Los Angeles Transit Lines \$2,345,000 in lost revenue.

Twice during the tieup members of Division 1277, AFL Amalgamated Assn. of Street, Electric Railway and Motor Coach Employees of America rejected offers of 12 cents more an hour.

Yesterday they approved a boost of 14 cents an hour in three steps within a year. There is also an escalator clause, effective the second year; paid holidays, four weeks vacation after 25 years, paid life insurance and minor changes in working conditions. The pact is for two years.

Operators, who have been receiving \$1.91 hourly, return to work at \$1.97.

Layer diced cooked potatoes and bits of crisply cooked bacon in a shallow casserole. Cover with a thin white sauce and top with buttered soft bread crumbs. Bake in a moderate oven until hot through; if topping isn't golden brown, place under the broiler for a few minutes.

## FIVE KILLED IN MOROCCO CLASH

MEKNES, French Morocco (AP)—At least five Moroccans were killed and 10 wounded in clashes today between police and Nationalist demonstrators.

The Nationalists had turned out for the first visit to north central Morocco of the North African protectorate's new French resident general, Gilbert Grandval.

The demonstrators carried the red, green-starred flag of the Moroccan "empire" and shouted for the return of ex-Sultan Mohammed Ben Youssef, exiled to Madagascar two years ago because of his Nationalist sympathies.

Fires broke out at many places in the Arab quarter of Meknes and the rioting was continuing sporadically.

The number of dead was thought to be higher than announced. Demonstrators in Morocco often take their dead and wounded with them rather than let them fall into the hands of the authorities.

Grandval is working on a plan to give Moroccans more self government.

## ACTORS VOTE TV STRIKE

HOLLYWOOD, (AP)—A strike against the nation's television film producers was authorized last night by a unanimous vote of about 2,000 Hollywood actors and actresses.

The producers are deadlocked with the AFL Screen Actors Guild in contract negotiations. The guild said it had mailed 10,000 strike authorization ballots to members throughout the nation. The mail ballots are returnable next Sunday.

If they support the authorization, guild spokesmen said, a strike may start Aug. 1 or soon afterward.

Walter Pidgeon, guild president, said the Board of Directors had recommended that members authorize it to call a strike "if necessary to obtain a just and decent contract."

The guild contract, covering actors, singers and announcers in filmed TV shows, expired last Wednesday.

The guild asks \$90 daily for actors. The producers offer \$75. Pay was \$70 under the former contract. The weekly minimum for actors and singers was \$200. The guild asks \$300; producers have offered \$265.

## Raging Forest Fires Spread In Canada

TORONTO (AP)—Raging forest fires continued to spread today through northern Ontario's sun-baked woodlands. At least 154 fires were burning, 48 of them out of control.

More than 200,000 acres of pine, balsam, spruce and maple have been reduced to blackened stumps. Frank MacDougall, deputy minister of lands and forests, said the 6,000 men fighting the blazes were "like terriers chewing at an elephant."

Rain was needed, but none was in sight.

Even rain doesn't always help, since it often is accompanied by lightning which starts more fires. Seven new fires in the Sault Ste. Marie area and 14 in the Sudbury section, all caused by lightning, were reported over the weekend.

Note to new cooks: pastry shells must always be pricked well with a fork before baking in a hot (450 degrees) oven for 12 to 15 minutes.

## TRUCK, MINUS BRAKES, ROARS 2 MILES, 80 MPH

WINSTED, Conn. (AP)—"I've got no brakes; get out of the way," John L. McFaum, 48, shouted to his wife yesterday as his five-ton truck ripped through the quiet Winsted main street at 80 miles an hour.

Mrs. Kathryn McFaum, 48, driving an open convertible, had pulled alongside the truck to see what was wrong. Disregarding her husband's advice, she gunned her car past the truck and ran interference.

Horn blazing, she signaled cars to move over and warned others at intersections.

McFaum steered past a boy on a bicycle at one intersection "by inches." One time the truck just squeezed between two cars. At another intersection a pedestrian saw what was happening and ran into the street to flag oncoming cars.

Somehow the truck, with four show horses and two helpers in back, whizzed down a hill and shot through three red lights in a two-mile, hair-raising ride.

McFaum, of Ipswich, Mass., tried to shift into a lower gear to "check" the speed but the transmission broke under the force. He grabbed the emergency brake, but the truck was rolling so fast it quickly burned out.

McFaum, his hand bleeding but still clutching the emergency brake, steered the truck up a hill and brought it to a stop against a curb just outside of town.

Later McFaum had the truck repaired and started on his trip home again—from the Lakeville horse show. The horses, which he valued at more than \$15,000, were not visibly shaken by the ride, but the two helpers were.

Police Chief Waldo Heath, commending Mr. and Mrs. McFaum for their "nerve and skill," said no charges would be filed.

## Bury Cordell Hull Tuesday Morning

WASHINGTON (AP)—Services will be held at the Washington National Cathedral tomorrow morning for Cordell Hull, retired secretary of state who died Saturday at the age of 83.

The services will be conducted by the dean of the Episcopal cathedral, the Very Rev. Francis B. Sayre Jr.

Hull will be buried in the cathedral cemetery, as is Mrs. Hull, who died last year. The couple had no children.

## GM SETS TWO NEW RECORDS

DETROIT (AP)—General Motors Corp. today reported a record number of employees and an all-time high payroll during both the second quarter and first half of 1955.

GM said its worldwide employment averaged 624,954 and its payrolls totaled \$1,563,000,000 in this year's first six months. U. S. employment for the period averaged 408,933.

Weekly earnings of U. S. employees averaged \$103.09, compared with \$89.81 in the first half of 1954, the company said. The average work week advanced from 40.1 hours to 43.5.

G M noted its records were achieved despite a 25 per cent drop in defense work, compared with 1954's first half.

It also said both would have been better in this year's second quarter had not unauthorized strikes in some U. S. plants curtailed operations around the signing of a new three-year contract with the CIO United Auto Workers in June.

The figures were contained in a statement by president Harlow H. Curtis and chairman Alfred P. Sloan Jr. preliminary to GM's formal quarterly report to stockholders.

## CROSS U.S. IN 1902 MOTOR BUGGY

LONG BEACH, Calif. (AP)—Two housewives who've just driven a 1902 Sears-Robuck motor buggy here from Pennsylvania now plan to pilot it to Alaska.

Three two-cylinder, eight-horsepower horseless carriages arrived a week ago yesterday with Mrs. Kitty Ruth Partridge, 41, Long Beach, and Mrs. Margaret Wandbaugh, 42, of nearby Compton.

"Family tradition" was Mrs. Partridge's explanation of the 26-childhood chums.

day drive from York, Pa., where she and Mrs. Wandbaugh were Her father J. J. Ruth, of York, drove the car across country and back in 1948. Her late great uncle, Marcellus Diehl, of York, drove it to San Francisco, she said, about 1906.

Mrs. Partridge said that after they rest up from the 3,100-mile trip and overhaul the buggy they'll head for Alaska — probably in October.

"We'd like to see the Alcan Highway and see how far we can go," she explained.

## Yanks, Tribe Take Pair While White Sox And Boston Split On Sunday; Two More For Phillies

By JOE REICHLER  
The Associated Press

Cleveland's defending champion Indians, supported by baseball's best bullpen, appear to be poised for the stretch run which they hope will bring them their second successive American League pennant.

Eight games off the pace exactly three weeks ago, the stubborn Red-men were within one game of the top today after a streak that has produced 15 victories in their last 22 games, the last five of them in a row.

Cleveland won two from Baltimore yesterday 5-1 and 5-2 and once again it was the brilliant relief pitching of Ray Narleski and Don Mossi, the "Blank-Blank Boys," that cemented the victories.

**Yanks In Lead Again**  
Bob Feller won his third of the season and 265 of his career, in the opener, but it took three scoreless relief innings by Narleski to save the victory for him. Early Wynn registered his 12th of the year and 297th of his career but he needed help from Narleski and Mossi in the ninth. The pair squelched a ninth-inning all-time rally, Narleski getting one batter on a pop and Mossi fanning rookie Bob Hale (who had made five hits in the double-header) to end the game.

Narleski, who has now been in 35 games, has a 6-0 record. In his last 18 appearances, the Indians have won 15. Mossi has only a 2-1 record in 34 games but he owns a spectacular 1.71 earned run average, best on the club.

The New York Yankees regained first place with a 7-3 and 2-0 double-header victory over Kansas City to end an alarming downhill slide that brought 13 defeats in the last 18 games. The twin triumphs boosted them to a full game over the Indians and Chicago White Sox, who were held to a split by the fourth-place Boston Red Sox.

**Chisox, Boston Split**  
The White Sox who started the day in first place, three percentage points above the Yankees, shut out the Red Sox 4-0 in the opener behind the seven-hit pitching of Billy Pierce but Boston struck back with a 2-1 victory behind Willard Nixon to stay right in there, only four games off the pace.

Detroit's fifth-place Tigers, who also have pennant ambitions, remained 7½ games behind the Yankees, a split with Washington. The Bengals pounded out a 12-hit 7-3 first-game victory but were blanked 3-0 with seven hits by Washington rookie Ted Abernathy in the nightcap.

Brooklyn's runaway Dodgers still owned their comfortable 13½-game bulge over runner-up Milwaukee and their 15-game margin over the third-place New York Giants. Although hit 29 to 12 in the twin bill, the Dodgers got away with a split against the Braves, who had to salvage the second game 9-2 after dropping a 9-7 verdict in the opener.

**Phils Sweep Pair**  
Late-inning home runs by Bobby Hoffman and Willie Mays (No. 30) earned Johnny Antonelli and the Giants a 4-1 decision after Cincinnati had won the opener 6-4. Wally Post's 25th homer with two on and Ted Kuszewski's 32nd four-bagger featured the Reds' triumph.

Philadelphia's Phillies made it 15 wins in their last 16 games, sweeping a pair from St. Louis 5-5 and 3-0. Rain ended the second game after six innings. Roy Smalley's three-run double won the opener.

## DIMAGGIO AND 5 HONORED TODAY

COOPERSTOWN, N.Y. (AP)—Baseball's Hall of Fame opened its doors to Joe DiMaggio and five other immortals today.

Ford Frick, commissioner of baseball, was scheduled as principal speaker at the unveiling of plaques to DiMaggio, Leo (Gabby) Hartnett, Ted Lyons, Dizzy Vance, Frank (Home Run) Baker and Ray Schalk.

The first four were elected last January by 10-year veterans of the Baseball Writers Assn. and the latter two were appointed by the Hall of Fame Committee on Veterans.

Also on the day's program were the annual major league exhibition game at Doubleday Field, pitting the Boston Red Sox against the Milwaukee Braves this year, and presentation by Maj. Ross J. Young of a certificate to young Billy Capps of San Diego as the outstanding American Legion junior player of 1954.

the opener and Del Ennis drove in all Philadelphia runs in the nightcap with his fourth homer in two days. Saul Rogovin, American League castoff, ran his shutout string to 15 straight innings in the nightcap.

Dick Hall, who broke in with Pittsburgh as an infielder and outfielder, struck out 11 in his major league pitching debut as the Pirates swept both ends of a double-header from Chicago's fading Cubs 15-5 and 2-1. Vernon Law, who went 18 innings in his previous start, hurled a four-hitter in the nightcap.

**Big Day For Rosen**  
Al Rosen was Cleveland's big gun. He smashed his 12th home run in the opener and drove in two runs in the nightcap with a pair of singles.

The Yankees combined effective pitching by Whitey Ford and rookie Johnny Kucks together with timely hitting by Mickey Mantle and Yogi Berra. Mantle's two-run triple highlighted a six-run fourth that gave Ford his 11th victory. Mantle doubled in the ninth and rode home on Ennis's homer to break up a scoreless pitching duel between Kucks and Arnie Portocarrero of the Athletics in the nightcap.

Chico Carrasquel's homer with two on base featured a four-run sixth that gave the White Sox all their runs against George Susce in the first game. Jackie Jensen drove in the first Boston run in the second game and scored the other when he singled and later was chased in by Sammy White's one-bagger.

**Detroit Homers Help**  
Home runs by Detroit's Al Kaline, Earl Torgeson and Jimmy Delsing crushed the Nats in the opener. Eddie Yost and Clint Courtney rapped three hits apiece and scored once each in Washington's second-game victory. The Dodgers saved Don Newcombe, their 16-1 pitcher, from an almost certain defeat, coming up with seven runs in the sixth to overcome a 6-2 deficit. The Braves had pounded Newcombe for 11 hits and six runs before chasing him in the third. Rookie Don Bessent, who joined the Dodgers eight days ago, posted his third victory with a defeat in relief. Henry Aaron drove in four Milwaukee runs with a triple and his 22nd home run to give rookie Ray Crone his fifth victory, a neat four-hitter.

## WINS GAME WITH 1 PITCH

By THE ASSOCIATED PRESS  
Ron Sheetz of the Eastern League Williamsport Grays has joined the select group of pitchers who have won a game with a single pitch.

One throw was all he delivered in yesterday's game with the Johnstown Johnnies, which his team won, 5-4. It got him his sixth victory against eight losses.

He came on in the top of the ninth to relieve hurler Myron Hoffman, who had retired the first two men in the inning and then had run into trouble. Successive batters had gotten a walk and two singles, turning the Grays 4-3 edge into a 4-4 tie with two men on base.

The single pitch was to Earl Willis, who sent a grounder to Dale Coogan for the third out.

The game then ended when Williamsport's leadoff batter, Bill Onuska, connected for a homer.

The second game was halted at the end of the seventh because of a Pennsylvania Sunday law. The Johnnies were leading 10-4.

In other games yesterday the league-leading Reading Indians knocked Allentown pitcher Dick Ricketts out of the box in the eighth, inflicting the second straight defeat, 5-4, on the former Duquesne basketball star.

Binghamton and Elmira split a BBB BB double header at Binghamton. The Trips took the opener, 9-6, and the Pioneers the nightcap, 6-3. The Schenectady Blue Jays shut out the Albany Senators, 6-0, at Schenectady.

**PITCHING**—Billy Pierce, White Sox, shut out Boston 4-0 on seven hits, making it 25 2-3 innings without giving up an earned run. The Red Sox won the second game 2-1.

Wenksville captured the regular season championship of the South Penn Baseball League by edging Hunterstown 1-0 in a brilliant hurlers' duel between Kuntz of Wenksville and Heyser of Hunterstown on the Hunterstown field Sunday afternoon. The defeat snapped a six-game winning streak for Hunterstown field Sunday afternoon, six-game winning streak for Hunterstown.

The only run of the game came in the second inning. H. Cluck opened the frame for Wenksville by reaching first base on an error. He was sacrificed to second. Cluck then stole third base and continued home on a wild throw to third base.

Kuntz fanned 10 and gave up four hits, including doubles by G. King and W. Hankey. Heyser whiffed 11 and yielded but three singles.

Bonneauville squeezed out a 5-4 win over invading Harney Sunday. Two other games were rained out, Mummasburg at Greenmount, and Brushtown at Taneytown. Both games have been re-scheduled for this week, Mummasburg playing at Greenmount Tuesday evening, and Brushtown at Taneytown Saturday afternoon.

Taneytown pounded out a 12-3 win over Harney at Taneytown Saturday afternoon in making up a previously postponed game.

Fairfield scored in every inning, including 11 runs in the sixth, to walloped the invading New Windsor team 21-1. The run total was the largest of the season in the circuit.

The winners, who are now half a game back of third-place Cashtown, pounded out a total of 25 hits with Sites contributing five singles in six trips to the plate. The only extra base hits of the game were secured by Sease who poled a double and triple in addition to a single.

Seiferd and G. Weikert divided the pitching for Fairfield and granted but six hits.

Rain caused postponement of two games. Cashtown will play at Thurmont on August 2 while no date was set for the Emmitsburg-Union Bridge contest at Union Bridge.

## TALL DICK HALL LOOKS GOOD IN WIN OVER CUBS

By WILLIAM A. SWARTWORTH

PITTSBURGH (AP)—Tall Dick Hall, who failed to make the major leagues as an infielder and outfielder, is back again as a pitcher and off yesterday's performance for the Pirates, it looks as though he'll stick.

The 25-year-old righthander struck out 11 batters, one less than the Pirate record, in hurling a 12-5 victory over the Chicago Cubs in his first start as a major league pitcher.

Babe Adams established the Pittsburgh record of 12 strikeouts in a nine-inning contest in 1909.

"I didn't know I was anywhere near the record until someone told me after the game," Hall said. "I just kept firing away."

**Kept Firing Away**  
"It gave me a good feeling to win that game. And I hope I can win lots more."

Hall, who stands 6 feet 6 and weighs 205, exhibited good control and a hopping fast ball in his debut. He allowed the Cubs one hit through the first three innings during which the Pirates built up an 8-0 lead. After that, the Cubs reached him for eight more as he coasted to victory.

Hall came to the Pirates in the latter part of the 1952 season as an outfielder. His hitting was weak and the following year the Pirates farmed him out. Brought up in 1954, Hall batted .239 for the year while playing the outfield and infield—shortstop, first and third—and the Pirates optioned him to the minors before the start of the current season.

With Lincoln (Neb.) of the Class A Western League this year, Hall was tried as a pitcher. He looked good from the start, winning 13 and losing 5, and last week the Pirates decided to give him another chance.

## Coldsmith Mares Win At Straustown

Kokomo, a mare owned by the Roy Coldsmith Stables here, won the reserve championship in the stake class for Western riding at the Horse Show Sunday at Straustown. She also won third in the open western class.

"Dolly Dimples" a five-gaited mare, won third in the open class and third in the stake class for five-gaited horses. "Peavine," another Coldsmith mare, took fifth place in the three-gaited class. Clifford "Nookie" Wolford, trainer for the Coldsmith Stables, rode the animals.

## Paine Wins Golf Amateur State Title

JOHNSTOWN, Pa. (AP)—Fred Paine, 240-pound old equipment salesman from Perryville, near Pittsburgh, won the state amateur golf championship yesterday by defeating Tommy Smith of Greensburg, 2 and 1, in the 42nd annual tournament.

Paine opened and closed the match with two long putts for birdies at the rain-soaked Sunnyside Country Club course.

Smith, 28-year-old insurance salesman, had trouble sinking his close putts, missing one of three feet and two others of only 20 and 30 inches.

In the semi-finals, Paine slipped by Ben Marshall of Wilkes-Barre 1-up on the 19th hole. Smith rallied on the incoming nine to eliminate the 1952 champ, Johnny Guenther of Reading, 2 and 1.

## U.S., RED CHINA WILL NEGOTIATE REPATRIATION

WASHINGTON (AP)—The United States and Red China will send ambassadors to Geneva next Monday to discuss "repatriation of civilians" who want to return to their own countries and "certain other practical matters now at issue."

The State Department said U. Alexis Johnson, ambassador to Czechoslovakia, would represent the United States. Johnson is to fly to Washington for quick consultations with Secretary of State Dulles before the talks begin.

Press officer Henry Suydam of the State Department reported India and Burma had arranged for the meeting in backstage discussions with Red China and the United States.

The "major purpose" of the Geneva meeting from the American view, Suydam said, will be to obtain the release of some 51 Americans held in Red China, including 15 American fliers.

An announcement of the talks, agreed upon with Red China via diplomatic channels, said:

"As a result of communication between the United States and the Peoples' Republic of China through the diplomatic channels of the United Kingdom, it has been agreed that the talks held in the last year between consular representatives of both sides at Geneva should be conducted on ambassadorial level in order to aid in settling the matter of repatriation of civilians who desire to return to their respective countries and to facilitate further discussions and settlement of certain other practical matters now at issue between both sides.

"The first meeting of ambassadorial representatives of both sides will take place on Aug. 1, 1955, at Geneva."

The department in a separate announcement emphasized that keying the talks to the ambassadorial level does not in any way "involve diplomatic recognition" of Red China.

## Ike Reports

(Continued from Page 1)  
which had conferred with the President before his departure for the summit sessions.

Senate and House leaders of both parties were on hand along with senior members of the Foreign Relations, Armed Services and Appropriations committees.

**Best Briefing Yet**  
Sen. Clements of Kentucky, the acting Democratic leader, said the President and Dulles "made a very frank report."

Chairman Russell (D-Ga.) of the Senate Armed Services Committee, commented he thought "it was the best briefing we ever had."

Chairman Bridges (R-NH) of the Senate Republican Policy Committee said the President told the congressional leaders he is confident future negotiations with the Russians will proceed in a "wholly different atmosphere" than they have in the past.

Chairman George (D-Ga.) of the Senate Foreign Relations Committee said there was no direct discussion of his proposal for a face-to-face meeting with the Chinese Communists to discuss danger areas in the Pacific.

"The secretary said that Asian problems had to be discussed in the near future," George said.

The conferees said Eisenhower opened the discussion with his own personal analysis of the events at Geneva. Dulles then took up details of the conference and the President summed up in closing.

**Khrushchev Top Man**  
Some of those who attended said the President confided that he believed Khrushchev is top man among the Russian leaders although Premier Bulganin did all of the official speaking.

At the Geneva meetings, Foreign Minister Molotov—regarded by the Americans as the "old pro" of the Russian group—continually passed notes to Bulganin.

Several of those present at today's White House conference said the President generally was optimistic about the chances of future successful negotiations with the Russians.

**Ike's Plan Doubtful**  
Eisenhower was reported to have told the congressional leaders he does not believe the Russians will accept his proposal for reciprocal inspection of United States and Soviet military establishments.

The Eisenhower proposal has run into some criticism in Congress. Knowland and Bridges, among others, have displayed coolness toward it.

Eisenhower related to the leaders some of the topics he discussed with Russian Marshal Zhukov, World War II comrade in arms, at several meetings. Some of the members of Congress said they gained the impression that, while the Eisenhower-Zhukov discussions were on a very friendly basis, no major conference developments could be traced to these talks.

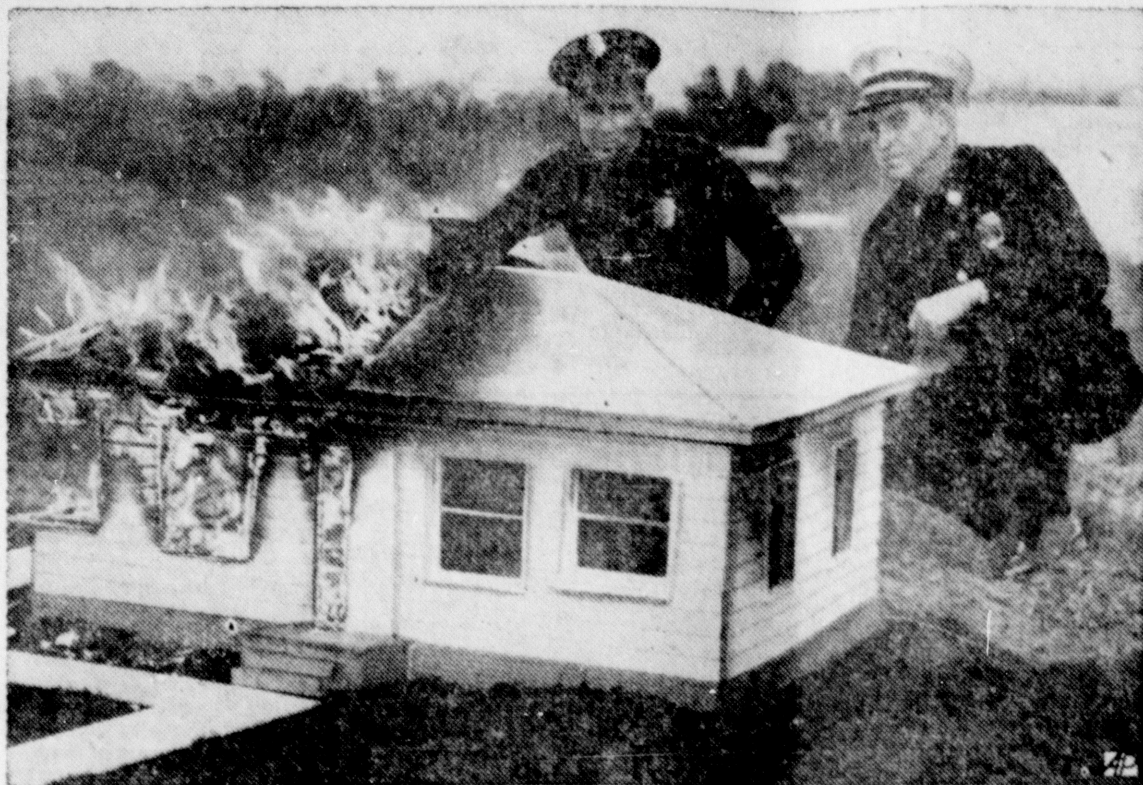

All radio and television networks, except perhaps CBS, will carry the President's address to the nation. CBS said it would carry the address either live or as a recording later in the evening.

The talk is scheduled for 10:30 p.m., EDT.

**Arrives Sunday**  
Eisenhower arrived at National Airport at 9:36 a.m. yesterday. A drizzle which turned into a downpour started as his plane touched down, but it did not dampen the enthusiasm of a welcome in which police estimated 5,000 persons joined.

Jovially shaking hands with top government and diplomatic officials, the President moved on to microphones and told the crowd: "Just what will be the result of this conference, of course, no one knows. But the coming months will tell much."

**New Friendliness**  
"But in the meantime," he added, "we do know that new contacts have been established and

## Alter Niagara Today With Dynamite Blast

NIAGARA FALLS, N. Y. (AP)—Man took a hand today in altering the profile of Niagara Falls, changed by nature in a tremendous rock fall several months ago.

In the first phase of a remedial operation, rock was blasted from the observation point at Luna Falls, from which generations of honeymooners have tossed coins.

A section of Luna Island had been undermined, making a dangerous overhang. Sixteen thousand cubic yards of stone and earth will be removed within a few days as a safety and beauty measure.

## Virginia, Maryland Guardmen At Gap

Some 7,000 Virginia and Maryland National Guardsmen, members of the 29th Infantry Division, trooped to the firing ranges of this military reservation today for the actual beginning of their annual two weeks of summer training.

Artillery detachments joined infantry units on the firing lines. The division pulled into the reservation over the weekend in motor convoys from their homes. This is the second consecutive year the 29th is training at Indiantown Gap.

There is evidence of a new friendliness in the world.

Secretary of State Dulles, arriving while the President was in church, told a smaller airport crowd, "We went there with limited objectives. I think we achieved them all and perhaps a little bit more."

Sen. George (D-Ga.), whose radio-TV suggestion four months ago helped bring about the Big Four conference, used the same forum yesterday to suggest a "face to face" meeting between top officials of the United States and the Chinese Communists within the next six months.

**Wouldn't Involve Ike**  
Appearing on an NBC show, he said Eisenhower should not participate in such a meeting, "but I do think it should be carried on by the foreign ministers."

George, chairman of the Senate Foreign Relations Committee, pushed the idea of a Big Four meeting at a time when State Department and other administration officials were lukewarm to the idea.

A major point of the U.S.-Red Chinese discussions that he proposed, George said, should be a relaxation of trade restrictions on nonstrategic goods. Such a move would run into opposition in Congress, he said, but "it would be worthwhile" to attempt it.

Washington State and Kansas will play football for the first time this season. They meet on Sept. 24 in Kansas.

## ARMED FORCES FREEZE ABROAD IS ANTICIPATED

GENEVA (AP)—A freeze on the level of armed forces in the European area followed by an East-West agreement to cut back military power may be one of the first specific and practical accomplishments to result from the Big Four summit meeting.

What will be achieved along this line will depend much on future difficult negotiations. The United States, Britain and France will have to figure out what plans they can support jointly before they meet Russia again at Geneva in the foreign ministers conference next October.

But much that was said here during the weeklong summit meeting indicated a desire on both sides to reduce the arms burden. The beginning made toward mutual trust between the leaders of both sides and a general lessening of war fears may contribute to that end.

**Oppose Unification**  
The Kremlin leaders made clear here that they do not intend to budge from their opposition to German unification as long as West Germany remains a member of the Atlantic Alliance. This policy may change someday, but no change is in prospect in the predictable future.

Since the Western Powers are equally determined to maintain their German ties, the Geneva conference provided no hope for any early progress toward uniting Germany.

All four government chiefs agreed that global disarmament would be a fine thing. Work on this would be speeded dramatically if the Soviet government accepted President Eisenhower's proposal to exchange military information and aerial photographs of military installations, but there has been no hint that they would do so. It appeared likely they would hold out for its linking with the ban on nuclear weapons the Russians have long demanded.

Since the Russians evidently intend to stall German unification until they consider the circumstances more favorable to their interests, it appears that a new security pact is also a matter for the distant future.

That seems to leave the limitation of armaments in Europe as the negotiable issue in the early future. Hopes for success in arriving at some kind of an agreement are based on the fact that a military stalemate already exists on the Continent, and that both sides apparently would gain from a deal to maintain the stalemate at a lower level of effort.

## Mrs. Luce Accepts First NATO Jet

TURIN, Italy (AP)—U. S. Ambassador Clare Boothe Luce accepted delivery here today of the first F86K jet fighter plane assembled in Europe for NATO forces.

The plane was assembled by the Fiat company under a U. S. offshore procurement contract.

The plane was turned over to the Italian air force.

A product of the North American Aviation Corp., the F86K is an all-weather fighter interceptor that NATO has chosen for the Allied air forces.

Offshore procurement orders are paid for in dollars by the U. S. mutual security program. The United States gives the goods produced to the armed forces of the various NATO nations.

## KILLS ROOMER BY MISTAKE

ORLANDO, Fla. (AP)—Police as far north as Virginia are asked to watch for Bernard Davis, 39, accused of stealing into his ex-wife's house to kill her but slaying a roomer by mistake.

Deputy Sheriff L. F. Neel said Davis slipped into the house early yesterday and shot Joel Cohen, 30, asleep in the bedroom Davis once shared with Rosa Maria Finley, 26.

Mrs. Finley was wounded in the stomach and left elbow when, holding a .22-caliber pistol, she ran from another bedroom to investigate the shooting.

Cohen staggered from bed, took Mrs. Finley's gun and fired two shots at Davis before he died, Neel said.

Mrs. Finley, in fair condition at a hospital, told officers she saw Davis run from the house and drive off in an automobile parked a block away.

Mrs. Finley divorced Davis a month ago and resumed use of her maiden name. Her mother Mrs. Eva Finley, the only other person in the house at the time of the shooting, said her daughter met Davis in Clarksburg, W. Va., and they were married two years ago.

It was learned that Davis quit his job as television repairman six weeks ago and told his employer he would try to find work in Virginia.

## MISSING WOMAN IS FOUND ALIVE

BIRMINGHAM, Ala. (AP)—A 76-year-old grandmother was found alive in thick woods six days after she wandered away from a suburban nursing home.

In what might have been the last organized hunt, Mrs. Nora Moore was found lying helpless in a bed of fallen leaves only a quarter of a mile from the nursing home. She suffered mainly from briar scratches and hundreds of insect bites although she had gone without food or water during the ordeal.

Search parties had combed tangled woods in the Mount Olive community 15 miles north of Birmingham for a week.

Mrs. Moore received emergency treatment at a Birmingham hospital and was returned to the home. She remembered little of the six days.

## Catholic Prelates Call Special Meet

RIO DE JANEIRO, Brazil (AP)—Pilgrims to the 36th International Eucharistic Congress started leaving for home today.

But most of the Latin-American Roman Catholic hierarchy remained for a special conference on church problems. The congress ended late yesterday with a mile-long triumphal procession to Congress Plaza and a special broadcast to the gathering by Pope Pius XII from the Vatican.

The Pope called on Catholics not to let "the light and fire" of eucharistic science fade away in a world where there is the "darkness of ignorance" and "so much ice of indifference."

## SAY SWISS FLAG FLEW OVER RED HEADQUARTERS

GENEVA (AP)—Notes from Geneva as the Big Four conference neared its close:

The Metropole Hotel—Headquarters of the Russian delegation—is flying a Swiss flag. During last year's Geneva conference on Indochina when Foreign Minister V. M. Molotov headed the Soviet delegation, the hotel never put up a Swiss flag during the three months the Russians were there.

President Eisenhower has shown a strong interest in Swiss chickens. Visiting a farm near Geneva, he passed up the cows and pigs to spend nearly half an hour looking at the fowls.

After riding around Geneva for three days in open cars, the Kremlin leaders have switched back to closed automobiles.

"It's just the changeable weather," said one of their Swiss security guards. "After they were showered on twice from sudden summer storms, they switched to cars with roofs."

## Bulgarian Was There Before

This reportedly isn't Soviet Premier Bulganin's first visit to Switzerland. A Swiss columnist wrote: "It appears that Marshal Bulganin once worked in Switzerland as a laborer for a year."

Swiss police were summoned to the press house twice yesterday. On their first visit they politely ejected a White Russian correspondent from Germany who demanded accreditation—and didn't get it.

The next occasion was to eject a Polish newspaperman from London who began shouting anti-Communist phrases during a party Red Polish pressman were giving.

A Geneva newspaper published this today:

"Twenty American security workers yesterday checked out of their hotel and left for America."

"About 50 correspondents and photographers assigned to the White House will be checking out of the same hotel today."

"Their places will be taken tomorrow by psychiatrists arriving for a convention."

## Heavy Work Begins In Four Capitals On Big 4 Directives

By MAX HARRELSON  
GENEVA (AP)—The four big powers today began the second stage of their attempt to ease world tension by negotiation. The experts back home in their own capitals started work on plans to implement the directives of the summit conference.

Each of the Big Four leaders, before leaving Geneva, professed confidence that their six-day meeting here had started them on the right road. Each also stressed the importance of the follow-up.

The experts have much to do in the next few weeks to prepare for the discussions which the Big Four have scheduled for the late summer and fall.

They must take the many vague and conflicting proposals on disarmament, German unification and European security and see if they can find in them any basis for future negotiation. If they find such bases, they must try to fill out the skeleton proposals with details.

### First Meeting August 29

Under the schedule agreed on at the summit talks, the five-nation U. S. Subcommittee on Disarmament will meet in five weeks — Aug. 29 — to consider the disarmament proposals advanced at Geneva.

Then early in October the Big Four foreign ministers will meet in Geneva to take up disarmament, German unification and European security.

Thus within 9 or 10 weeks the experts — and their bosses, the foreign ministers — must study carefully such important proposals as President Eisenhower's plan for an exchange of military blueprints between the United States and Russia, British Prime Minister Eden's plan for limited disarmament in and around Germany, the various plans for new European security arrangements and proposals for removing barriers between Communist and non-Communist countries.

### Outline Most Plans

Most of these proposals were tossed into the summit conference in the barest outline form, leaving

all sorts of questions unanswered. Eden as the conference closed said the heads of government did not set out to make detailed plans but added, "What we have now agreed makes it possible to get to grips with the twin problems of the unity of Germany and the security of Europe."

He said there is now a better chance than at any time since the war to "get to work on practical proposals to solve the differences which have divided Europe all these years."

Eisenhower, on his return to stressed the importance of the next stage.

### Sees New Friendship

"Just what will be the results of this conference, of course, no one knows," the President said in an airport statement. "But in the meantime we do know that new

there is evidence of a new friendship in the world."

Soviet Premier Bulganin said much patience will be needed in the future discussions, but he expressed the belief the decisions at Geneva "mark the beginning of a new phase in the relations between our countries."

French Premier Faure on his return to Paris put it this way: "We have started on a long and difficult path, but I think firmly that it is a good one."

Aside from the agreement for the future negotiations, Western delegates considered that the chief accomplishment of the conference was a beginning toward mutual confidence between the leaders of the West and those of Russia. The impression was strong that each side was persuaded the other neither wants an atomic war nor will risk one.

## SUCCESSOR TO FRENCH BEING CHOSEN TODAY

HARRISBURG (AP)—The state Fish Commission met behind closed doors today to discuss candidates and the possible selection of a successor to Charles A. French as executive director.

"We have several applications for the post and I am afraid there will be considerable discussion before we can finally agree on a man for the job," Commissioner John Grenoble, New Bloomfield, said prior to the meeting.

French was removed from the \$12,500 a year post two weeks ago by unanimous vote of the five commissioners serving at that time.

He held the post for 18 years and was the commission's only executive director.

Need Right Man  
The commission now consists of five men recently appointed by Gov. Leader and one holdover from the last administration.

H. R. Stackhouse, administrative secretary, was named to handle duties of executive director until a new man is elected.

"This is a big job and we must be sure we have the right man for the post," said Grenoble.

Grenoble mentioned Dr. Karl F. Lagler, chairman of the department of fisheries, University of Michigan, as "one of the men who is being considered for the post."

"From the biographies we have seen of Lagler it is my opinion that he certainly could handle the

## MIDDLECOFF IN PGA SEMIFINALS AFTER HARD WIN

By JOE FALLS  
DETROIT (AP)—A dead-tired Cary Middlecoff was in the semi-finals of the PGA Golf Tournament today, but only after winning a nine-hour battle against his opponent, par, and himself.

Surging from a five-hole deficit, Middlecoff caught Jack Burke yesterday with an eight-foot putt on the 36th green, then beat him with an unerring "sun shot" on the 40th hole.

Their nine-hour struggle was the big story of the quarterfinals which also saw Tommy Bolt trounce Lew Worsham, 8 and 7; Doug Ford whip Fred Hawkins, 5 and 4; and Shelley Mayfield trim Don Fairfield, 3 and 2.

Today's semifinal pairings sent Middlecoff against Bolt and Ford against Mayfield both over the customary 36-hole PGA route.

Middlecoff Plays Bolt  
The big match, of course, is Middlecoff-Bolt, pitting the two golf Goliaths for the first time in their career. It is an intriguing pairing, to be sure, but there was considerable doubt late yesterday afternoon whether Middlecoff would make it.

Burke hurled a five-under-par 66 at him in the morning to take a 5-up lead. Even though he slipped in the afternoon, Burke was still 2-up with two holes to go.

Middlecoff squared the match with birdie putts on the 35th and 36th holes—the latter before a hushed throng of more than 5,000 spectators.

On that hole, Middlecoff needed three superb shots for his birdie—and got them: A drive to within 50 yards of the green, a hit and run approach and his clutch eight foot putt.

Banks Putt  
Middlecoff banked a putt from a difficult left-to-right row—"or by way of the airport," as he put it.

In "sudden death," Middlecoff and Burke halved the first three holes in par, and then came the match-turning "sun shot."

Each hit his second shot on the 40th hole directly into a blinding sun. They could only guess the

## POIRIER-PEREZ BATTLE TONIGHT

By The Associated Press  
Gene Poirier, who was making a strong run for "Rookie of the Year" honors until he was knocked out by Argentina's Oscar Pita in a sensational fight, starts all over again tonight against Danny Jo Perez.

Poirier's knockout by Pita at St. Nicolas Arena June 20 was called "fight of the year" by many writers. The Niagara Falls, N.Y., writer led on all scorecards and had only to finish the 10 rounds to be the winner. Instead he wore himself out and was unable to stand up under Pita's heavy return fire in the eighth round.

In tonight's show at St. Nick's Poirier meets Perez, a New Yorker who fought a draw with Orlando Zulueta and lost a decision to Frankie Ryff in 1955 starts. Perez subs for Chris Christensen of Denmark who was sidelined by the New York State Athletic Commission because his manager was suspended.

## Newest thing in Room with a View

## It's the 4-Door Riviera—the stunning new hit of America's Hardtops

WHEN Buick introduced America's first hardtop—the Riviera—folks went for it in a big way, and fast.

They liked the Convertible look of this 2-door beauty—long, low and rakish. They liked the added security of the steel roof overhead. And they certainly liked the absence of center posts in the side window areas—which gave a completely unbroken view left and right.

People liked it all so well that, over the past six years, they made the Riviera the biggest-selling hardtop in the world, bar none. And it still is.

Now Buick has come up with another great advance in hardtops—the 4-Door Riviera—and it's a sensational hit.

It has everything the original 2-Door Riviera has—plus separate doors for rear-seat passengers, and a whole lot more room for them.

Rock-solid half-pillars on either side are what latch the front doors and hinge the rear ones. So there's no center post above the door line—and a completely open sweep of view to both sides.

And the roominess provided by this gorgeous new hardtop is really something—over 9 inches more hiproom and 5 inches more legroom in the rear.

Why don't you come see this brand-new kind of automobile that's heading up the parade of the hottest-selling line of Buicks in history?

That way you can also try what else is to be had here—Buick comfort, Buick power, Buick ride and handling and roadability—plus the electrifying action of Buick's Variable Pitch Dynaflo.\*

Do it this week—tomorrow would be fine—and you'll see what record volume really means in the way of record-high trade-in deals.

\*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

WITH CUT .....  
 Rooms ..... Five  
 Bedrooms ..... Three  
 Closets ..... Six  
 Cubage: House ..... 23,500 ft.  
 Garage ..... 4,300 ft.  
 Dimensions ..... 42' x 27'

Typical of the one-story homes so popular with today's home builders, "The Barrett," featured today by the Home of the Week Plan Service, contains five well planned rooms.

Measuring 42' x 27', "The Barrett" has a cubage of 23,500 feet. The attached one-car garage has a cubage of 4,300 feet. At least an 85-foot lot would be required to build the house and the attached garage. This type of home will look equally attractive in any setting but to most effectively emphasize its charmingly simple architecture it should have sufficient amount of land on all four sides.

The slight roof overhang at the front of the house provides protection for the front entry and at the same time affords an opportunity for a distinctive arrangement under the picture window. This little terrace hits not only adds decorative appeal to the exterior appearance of

"The Barrett" but also helps to insure a more attractive view from the living room picture window.

Included in the spacious living room is a dining area which receives pleasant light and good ventilation through the window in the left wall. This area contains ample space for your dining set, the china closet built into the back wall makes an excellent storage place for your china and glass ware. You can have

drawers installed in the lower section of the closet and keep your table linen there.

Both regular bedrooms occupy the right wing of "The Barrett." These rooms feature excellent lighting and cross-ventilation; each room has a large closet. Either of these rooms could be used as the master bedroom.

Amplly lighted and ventilated by double windows in the back wall, the den or bedroom can serve either use with equal ease. This room also could be used as a guest room if you so desire. The large closet in the left wall will come in handy regardless of the use to which you decide to put this room.

Planned strictly as a work center, the kitchen contains no space for a breakfast nook. However, the dining room can very conveniently be used for all your meals. Every piece of equipment in the kitchen is within easy reach; the spacious broom closet can easily hold all your cleaning supplies and equipment.

Since there is no space provided for the laundry in the house proper, it must be installed in the basement of "The Barrett." The laundry should be located under the kitchen, while the heating plant can be placed under the living room. Be sure to provide bulkheads for easy access to the yard and also as a safety measure.

**Blueprints Available**  
 Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost. Write the Building Editor, The Gettysburg Times.

## CAPEHART AND CASE PREDICT IKE WILL RUN

By JACK BELL

WASHINGTON (AP) — Senators Capehart (R-Ind.) and Clifford P. Case (R-N.J.) said today President Eisenhower's role at Geneva makes it almost certain he will run for re-election.

Sen. Humphrey (D-Minn.) said in a separate interview he has "always assumed" Eisenhower will be a candidate again next year. But he said he thinks domestic issues, rather than international policies, will be overriding in next year's election.

Capehart voiced the opinion that Eisenhower couldn't retire now if he wanted to because he has opened a possible new era in Western relations with Russia.

"Couldn't Step Out Now"  
 "The President has to follow through with what he has started," Capehart said. "His leadership is essential to the country in the efforts to obtain a lasting peace. He couldn't step out now."

Case said that in his opinion Eisenhower demonstrated at the Big Four meeting "a quality of leadership that the country and the world cannot afford to do without."

Case issued Saturday night a statement signed by himself and 1 other GOP senators which praised Eisenhower's offer at Geneva to trade military blueprints with the Russians.

**Wide Open For Democrats**  
 Sen. Saltonstall of Massachusetts, the assistant Republican leader, told a GOP rally in Sagamore, Mass., last night that "we want him (Eisenhower) to continue as our leader."

A suggestion that the 1956 Democratic nominating convention will be "wide open" came yesterday from that party's floor leader in the house, Rep. McCormack of Massachusetts.

He said he "wouldn't be a bit surprised if somebody else" than Adlai E. Stevenson, the party's 1952 standard bearer, were nominated.

## KILLS MAN, RUNS DOWN MOTHER, THEN SUICIDES

SPRINGVILLE, N.Y. (AP) — A man shot another man to death, showed the body to the victim's mother, ran her down with an automobile and shot and killed himself yesterday, police reported.

Mrs. Sarah Julia Federspiel, 54, was recovering at a hospital today from her injuries.

Police said she had been living with Willis Crandall, 59. They said Crandall killed her son Leroy, 31, at the conclusion of a drinking bout in several taverns of this Buffalo suburban area.

The three quarreled, apparently when Leroy tried to get his mother to leave Crandall's home, police said.

**Runs Down Mother**  
 Crandall took a rifle to Leroy's home, waited for him and killed him when he arrived, police said. Then he went home for the woman and forced her to drive him back.

After seeing the body she grabbed the rifle from him and fired the remaining two rounds into the ground. She started to run down the road.

Crandall chased her with the car, police said, bumping her with it several times and dragging her along the road for some distance. Then he drove home.

State troopers learned of the shooting and surrounded the house. When he refused to come out they broke down the front and rear doors and started in.

Crandall fired a rifle bullet into his brain.

## Big Yield In Small Space From Green, Leafy Foods

Cut only tender tips of New Zealand spinach to use for greens.

Green leafy vegetables, rich in vitamins, can be harvested from the home garden all summer long. If a planting schedule is made. They are several plants whose leaves are rich in vitamins and minerals, which are easy to grow and give a bountiful harvest.

So bountiful, are they that care should be taken not to grow too much, for when leaves are harvested, more leaves are produced, from early in the summer until freezing weather.

Swiss chard, member of the turnip family, is the best known in northern states, while varieties of mustard are popular in the south. New Zealand spinach, no relative of spinach, is most like it in flavor. Though the plant is tropical, the seed is hardy, and germinates best when sown very early in cold soil.

One plant of New Zealand spinach would fill a bushel basket, but only the tender tips of its many branches should be cut. These are quickly replaced by new growth.

Swiss chard should be used when the leaves are young, not over ten inches in height. Sown with the earliest crops, it will be ready to cut in a month, and new leaves will grow to replace those that are cut. Chard has a distinctive flavor which many prefer to spinach, and children like it.

The mustard family provides several varieties of greens. One known as Tendergreen will produce edible leaves in 21 days from sowing, and if the roots are left undisturbed will produce eight or nine crops in the season. All the mustards are quick growing, and are much esteemed in the southern states.

Garden sorrel, a favorite in Europe, is a hardy perennial, which will live over winter and produce greens. It does best in light shade.

Kale is a fall and winter plant sown in June, the plants set out in rows two feet apart. They will produce leaves which stand freezing, and are improved in flavor by that experience. Collards belong to the cabbage family but do not make heads, but bear leaves with cabbage flavor.

## 3 TURNCOATS SAIL FOR HOME FROM HONOLULU

By WILLIAM J. WAUGH

HONOLULU (AP)—Three former American prisoners of war, who once turned their backs on the United States, sailed late last night on the last leg of their journey home.

They had 14 hours of complete freedom on this beautiful American territorial island before the liner departed.

The trio told a news conference yesterday that it was a radio speech by President Eisenhower that prompted them to try to get the Chinese Reds to let them come home.

**Acted Like Tourists**  
 The three, sailing for home on the President Cleveland, are William C. Cowart, 22, Dalton, Ga.; Lewis W. Briggs, 22, Jacksonville, Tex., and Otho G. Bell, 24, Hillsboro Miss., and Olympia, Wash. They had refused repatriation after the Korean armistice and went to Red China instead.

The three, on their first day on U.S. soil in nearly five years, acted pretty much as most tourists. They first went to church and then spent the day sightseeing. They are due in San Francisco Friday.

**All Anti-Communist**  
 Griggs, in company with missionaries, visited the Punchbowl National Cemetery of the Pacific, where nearly 15,000 American war dead are buried. He said he went to the grave of Ernie Pyle, famous World War II columnist killed in action.

The three dishonorably discharged Korean veterans seemed relaxed. They told the shipboard press conference on their arrival yesterday they were ready to face the consequences for their decision to remain with the Reds. They said they were not afraid of the

## RESERVES PLAN EXPECTED TO GET HOUSE OK

By DONALD SANDERS

WASHINGTON (AP)—A military reserves program hailed by Rep. Vinson (D-Ga.) as heralding "a new era in the defense of the nation" comes up today for almost certain House approval — its next-to-last legislative step.

A compromise between varying House and Senate versions, it requires also a final okay from the Senate to send it on to the White House.

It would give to President Eisenhower, who repeatedly described his reserves program as vital, considerably less than he asked.

**The New Feature**  
 The chief new feature is a plan to give special training for up to six months to as many as 250,000 youths annually who agree to serve 7½ years thereafter in the active reserve. Youths under 18½ could volunteer and in exchange they would be exempt from the draft, which now requires two years of active duty.

The compulsion which the Pentagon asked as a method of boost-

future and added: "If a trial is held it definitely will be fair."

Cowart said he hoped to get back in the Army and be sent back to the front facing the Communists. He said Griggs felt the same way. All described themselves as anti-Communists.

## Four On Fishing Trip Are Missing

LEWES, Del. (AP)—Four persons on a fishing trip in Delaware Bay were reported missing today. The Coast Guard said it could find no signs of their 14-foot boat.

The missing were identified as Mr. and Mrs. Chance T. Keene and Mr. and Mrs. James Bennett, all residents of suburban Wilmington.

Relatives reported the two couples left on the fishing trip from Pickering Beach, north of here, yesterday morning and were expected home in the afternoon. When they failed to appear the Coast Guard was notified.

Heavy rains and near zero visibility occurred in the afternoon over the bay.

## BOOSTS MILITARY BILL

PARIS (AP) — France's National Assembly approved a military budget of 945½ billion francs (\$2,731,429,970) yesterday. This is an increase of about 30 billion francs (\$85,714,200) over last year, despite the end of the Indochina fighting.

ing reserve strength survived only in the form of authority to recall for 45 days of active duty any man going into service or the reserves in the future if he does not keep up his reserve training.

For such men, the total obligation for active and reserve duty is reduced to six years. Those now in service or who have completed service are still subject to a total obligation of eight years if they started duty after mid-1951, but they are under no obligation to keep up their reserve training.

## FREE POW ON RED CHARGES

FT. BRAGG, N.C. (AP)—A Ft. Bragg sergeant charged with aiding the enemy while a prisoner of war in Korea was acquitted here Saturday on the two remaining counts against him.

When the general court-martial opened last week, Sgt. John L. Tyler, 25, of Moundsville, W. Va., was charged on nine counts of collaboration.

The major charge of collaboration against Tyler, a POW from June 1951 to August 1953, was dismissed when the trial opened. Two other charges were dismissed because of lack of evidence.

The trial officer, Maj. C. E.

Noell, directed a verdict of innocent Saturday for the following charges against Tyler: writing pro-Communist articles, attempting to convert fellow prisoners to communism, circulating peace petitions and informing on fellow escapees who were planning an escape.

### ERUPTION CONTINUES

CATANIA, Sicily. (AP)—Two fiery rivers of molten lava still oozed slowly today from Mt. Etna, continuing the volcanic activity that started nearly a month ago.

Experts watching the erupting

north-east crater of Europe's highest, 10,000-foot volcano said as yet there was no imminent danger to villages in the path of the burning lava.

## CITIZEN GROUP TO AID FOOD AND DRUG OFFICE

WASHINGTON (AP)—A group of 14 distinguished citizens has agreed to help the Food and Drug Administration seek a better way to do its job, which is to guard the foods and medicines the American housewife gives her family.

The committee was set up by Mrs. Oveta Culp Hobby, former secretary of health, education and welfare. Its purpose, according to FDA Commissioner George P. Larrick, is to "find some kind of yardstick to measure the adequacy of enforcement" of the food, drug and cosmetic act which regulates an industry upon which more than one-fourth of the total family income is spent.

The law protects consumers against harmful medicines and foods, insanitation and filth, and it requires statements made on labels be truthful. It also provides for analyzing new drugs that come on the market. Larrick says more than half of the medicines used by doctors today were unheard of in 1938. It also requires labels to tell what a food package contains and how much.

"Scientific advances, and other developments since the law's passage have added to the responsibilities of the FDA," Larrick told me. "It is for this reason the committee was selected to make recommendations as to the amount and kind of enforcement of the act and related statutes which will best serve the country."

Pace Not Kept  
FDA officials say that the num-

ber of new products used by American families is increasing steadily, but the administration's facilities have not kept pace because of small appropriations.

"Congress and the Budget Bureau have not been convinced of the need for increased vigilance by the FDA," a spokesman said. We hope the committee will come up with material to show how much an increased staff and facilities are needed."

Chairman of the committee, which has already held one meeting, is G. Cullen Thomas, vice president of General Mills, Inc.

Other members include Miss Catherine Dennis, president of the American Home Economics Assn.; Patrick T. Stone, U. S. district judge; Dr. Harry Dowling, professor of medicine, University of Illinois; and Lee Minton, president of the Glass Bottle Blowers' Assn.

## PRR To Order 4,000 New Freight Cars

PHILADELPHIA (AP)—The Pennsylvania railroad says it is going to spend \$32,400,000 on orders which it has placed for 4,000 new freight cars.

The new orders announced yesterday include 1,000 50 foot 6 box cars and 500 70-ton flat cars and 100 70-ton gondola cars to be built at the PRR's Altoona works; 2,000 70-ton hopper cars, 1,200 to be built by Bethlehem Steel Co. and 800 by ACF Industries; and 40 70-ton covered hopper cars to be constructed by Pullman Standard.

Cut snap beans in narrow pieces and cook quickly in lightly salted boiling water just until tender. Drain and toss gently with cooked rice and butter or margarine. Delicious with meat, poultry or fish!

## Two Top Reds Are Visiting E. Berlin

BERLIN, (AP)—Soviet Premier Bulganin and Communist party boss Nikita S. Khrushchev, Russia's two top leaders at the Big Four summit conference in Geneva, are spending several days in East Berlin on their way home. The other two top-level Russians at the Geneva talks, Foreign Minister V. M. Molotov and Marshal Georgi Zhukov, the defense minister, flew to Moscow last night. Premier Otto Grotewohl of Communist-governed East Germany thanked Bulganin and Khrushchev for accepting an invitation "to spend several days." Bulganin, summing up the Geneva talks, said on his arrival yesterday the conference had succeeded in relaxing world tension.

## Extermination By Shot Is For The Birds

LONDON, Ky. (AP)—It was a costly victory W. S. Carpenter scored over starlings. His doubled-barreled shotgun went off prematurely as he closed the breach while preparing to fire from an upstairs bathroom window. The charge made a sieve of the plumbing, water leaked through to the living room below, and his wife was scared nearly out of her wits in the belief he had been shot.

Carpenter figured the scare he threw into the starlings cost him several hundred dollars. Vary prepared Hollandaise sauce by adding finely chopped parsley and tarragon (fresh or dried). Wonderful on steak! If you can't get the prepared sauce in your neighborhood you can make your own according to standard cookbook directions.
